Thanks Omar: I added a couple other comments for Lucita to consider regarding mitigation measures being implemented through PT's QA Plan vs. our draft permits.

Lucita: can you do a more in-depth review at this point?

Our goal is to get a solid working draft to USFWS for their initial review by the end of this week.

Douglas,

I included the mitigation procedures, see V. Effect Analysis. Let me know if I need to add anything else before we send this to Lucita for her review.

Please see her comments highlighted regarding specific project information.
